The CHAIRMAN. Pursuant to the rule, the bill is considered read the first time.

The gentleman from Arizona (Mr. KOLBE) and the gentlewoman from New York (Mrs. LOWEY) each will control 30 minutes.

The Chair recognizes the gentleman from Arizona.

Mr. KOLBE. Mr. Chairman, I am pleased today to present to the House of Representatives H.R. 5522, the fiscal year 2007 appropriation bills for foreign operations, export financing and related programs. And I might say, Mr. Chairman, that I am pleased to have

you back in the Chair for I am not sure how many of the consecutive years since I have been doing this bill that you have been there, but it feels very good to have you back with us.

Before I turn to the bill, let me just mention that this is the last appropriations bill that I will be bringing to the floor, at least the last regular foreign operations appropriations bill.

As with nearly every other foreign operations bill over the last 6 years, this bill is a product of bipartisan cooperation, something I could not have done without the support and cooperation of my esteemed ranking member, Mrs. LOWEY, or my vice chairman, Mr. SHERWOOD and every member of the subcommittee.

I am proud of this bill. I can honestly say it has probably been one of the more difficult ones that we have put together. The bill before you totals \$21.3 billion. While this level is \$597 million above the amount provided in fiscal year 2006, not counting supplementals, it is fully \$2.4 billion below the amount requested by the President. In other words, by reducing the allocation by \$2.4 billion, we have freed up that amount for pressing domestic needs.

The bill includes increases for three priorities, the war on terror, the Millennium Challenge Corporation, and international health spending, priorities which lie at the core of the United States interests abroad. For the war on terror, this bill includes \$962.3 million for Afghanistan. This amount is \$137 million below the President's request, but \$85 million over fiscal year 2006.

As with last year's bill, this bill continues a provision that withholds \$385 million until the Afghan government, both at national and local levels, fully cooperates with our efforts against narcotics production and trafficking. I want to be clear that I appreciate the support of the government of Afghanistan in the war on terror. However, that government must take difficult but necessary measures to fight narcotics production and trafficking, measures that it has so far been unwilling or unable to take.

The bill also includes \$521.9 million for Iraq. While below the President's request, it represents a very large increase of \$461 million over what we provided in fiscal year 2006. That is because last year we required the administration to fund Iraq programs from unexpended relief and reconstruction funds that were in the very original supplemental appropriation. Now, however, these funds are nearly all expended.

This bill would normalize Iraq and Afghanistan assistance programs, moving them away from emergency supplementals that exceed budget limits.

The bill contains no funding in the economic support fund for West Bank and Gaza programs. Although the President's requested \$150 million for this purpose, the request was made be-

fore Hamas was elected to lead the Palestinian Authority. The subcommittee believes that humanitarian assistance must continue to the Palestinian people, a view, I might add, that is shared by the Israeli government and by the administration.

Such funding is not affected by this bill. It does contain humanitarian pro democracy funding with restrictions and safeguards that have been included in the past.

For international health, the bill contains the President's requested amount of \$3.4 billion for the emergency plan for AIDS relief, and increase of \$751.6 million. Within this sum, we more than double the President's request for a contribution to the global fund to fight AIDS, tuberculosis and malaria, to attain last year's level of \$444.5 million.

At the same time, I am pleased that the bill maintains last year's funding levels for other health programs, including an increase for malaria programs of \$243 million. For several years now the President's budget request has included deep cuts to international health programs. We have worked hard to restore them to at least the level of the previous year.

In order to bring these accounts back up, we have had to cut some other programs that are also priority programs. We provide \$2 billion for the Millennium Challenge Corporation, but that is \$1 billion below the request of the President. It is \$248 million above the amount that we provided in 2006.

This is a difficult decision for me, but I saw no way to move forward with a bill that gave the full amount that the President asked for the Millennium Challenge Corporation. My goal was very simple, I wanted to send a clear message that Congress supports the MCCs innovative, accountable approach to help countries move away from reliance on donor funding. I think a \$248 million increase does send that very clear message, while it frees up funds above that level that enables us to bring before you today a bipartisan bill.

The bill contains two important innovations. First, it includes a Trade Capacity Enhancement Fund which consolidates trade capacity funding from a variety of accounts. This new account includes \$522 million, virtually all of what is spent for trade capacity by agencies and accounts that are under the jurisdiction of this subcommittee. And it is about half of the \$1.3 billion that is spent on a government-wide basis.

Since we will now require a coherent strategy for the use of these funds, it is my hope and my belief that this new account will provide a strong incentive for countries to liberalize their trade regimes.

This bill would also restructure assistance to Colombia, formerly provided only through the Andean Counterdrug Initiative, or ACI. I want to be very clear about one point. This
